

WEDDINGS

Your Special Day is one of the most important events in your life. Why trust this moment to a friend or family member with a dated camcorder or low resolution camera? Memories Preservation MultiMedia can set you at ease and assure you that a professional videographer, or two or more for selected packages, will arrive on time and dressed to please, with state-of-the-art photographic and videographic sound, lighting and camera equipment and discreetly capture your event.

Planning is Paramount

Arrange to meet with us beforehand and we'll develop a professional event shoot list in your Pre-Production planning meeting. Noting important event sequences such as; The arrival of your guests, the Groom procession, the Wedding Party procession, the procession of the Bride, the Lighting of the Unity Candle or Mixing of the Sand, the Toasts, the Cutting of the Cake, the Tossing of the Bouquet, the Tossing of the Garter, the First Dance, etc. Working with you and your wedding planner and developing the shooting location and timing ahead of time ensures that none of these important sequences are missed during your special event.

Why consign your professional wedding photographs to a dusty photo album on the coffee table or closet? Times and Technology has changed. Why subject your friends and family to a boring photo album or proof sheet? Memories Preservation MultiMedia will strategically integrate your wedding photographs onto a romantic music track of your choice and put this slideshow on a separate menu item on the same DVD as your video production. This way you may provide them a copy of your entire event, including photos, on a DVD, which they may watch instead of thumbing through seemingly endless pages of photographs.

BASIC WEDDING PACKAGES AND PRICING

Do you have unique, unusual and perhaps non-traditional or unorthodox wedding plans? No matter what your plans are, you can trust us to cover your event. Final pricing is subject to your unique requirements, but can be reasonably estimated after our initial free, no obligation consultation.
